The image displays a comprehensive set of toolbars for TurboCAD-X, organized into several functional groups. At the top, there are 'Standard' and 'Property' toolbars with dropdown menus for line styles, layers, text, and units. Below these are toolbars for 'Select', 'Align', 'Camera Tools', 'Coord System', 'Desktop', 'Drawing Setup', 'FloorPlan', 'Grid', 'Help', 'Insert', 'Measurement', 'Named View', 'Palettes', 'Program Setup', 'Render', and 'SDK Samples'. The main area is divided into several vertical columns of toolbars: 'Construction' (Point, Line, Double Line, Multiline, Circle/Ellipse, Arc, Curve), '3D Object' (Architecture, Hatch, Dimension), 'Text' (Text, Lights, Camera), 'Modify' (Chamfer, Trim\_Split, Double Line Modify), 'Boolean\_Facet', '3D Modify', 'Groups and Blocks', 'Copy', 'Transform', and 'Solid/Surface'. On the right side, there are toolbars for 'Snap Modes', 'Special Tools', 'Standard Views', 'Text Properties', 'Tools', 'Walk Through', 'Window', 'Window Layout', and 'Workplane'. Each toolbar contains various icons representing different CAD functions such as drawing, editing, and viewing.
